ABOUT ME

with more than 1.5 years of problem-solving and software development expertise. With a degree in Bachelor of Computer Applications (BCA), I am an enthusiastic and committed technology enthusiast.

My work has a solid foundation thanks to my academic path at IFTM University in Moradabad and an enjoyable internship at Novasarc. To keep ahead of the fast-changing IT world.

SKILLS

Programming

PHP Core , C , C++ , Python ,
JavaScript , Laravel , AWS ,
Docker ,Bootstrap , Sql , NoSql ,
Ajax , Jquery , OOP Concept etc.

Technology

Software development , Full-Stack
Web development , Api development
Server Programming , Rest Api , Api's
Integrations etc.

Tools

VS-Code , Postman , Git , Github ,
Xampp , ChatGPT ,
MySQL , MongoDB , MS Excel , MS
Word , Slack etc.

PROFESSIONAL WORK EXPERIENCE

Junior Software developer

Novas Arc Sep 2023 - Present

Hyderabad - Telangana , india

Over the past 2 years, I have contributed to web and API development, gaining in-depth knowledge of modern practices in this field. My work in database management has focused on ensuring data integrity and optimizing performance. I've consistently collaborated within dynamic teams, enhancing my ability to manage complex projects. My proficiency with version control has been key in maintaining code quality and organization. Additionally, I have gained valuable experience in containerization, streamlining development workflows and improving deployment consistency.

Software development Intern

Novas Arc Mar 2023 - Sep 2023 • 7 mon

Hyderabad - Telangana , india

Freelancer

Self Employed July 2021 - present

remote - india

In my freelance experience, I've developed tailored web solutions, managed databases for optimal performance, and ensured project success through strong communication and version control practices. My work with containerization has enhanced deployment efficiency and scalability.
